

## QuietCall Retail Paging

- Great range for clear, reliable communication anywhere in your store
- Anti-theft feature minimizes pager loss with an out-of-range alert
- High quality pagers provide superior performance and reliability

Keep Customers Shopping, Boost Sales and Service Transform the customer's waiting experience into an enjoyable one with QuietCall

retail paging system. QuietCall notifies customers with a flash, beep or vibrate the instant their order is ready or service is complete. Eliminate long lines and noisy overhead systems. QuietCall helps you be more profitable by giving customers the opportunity to shop while they wait.
