

## About TNTech Canada

TNTech Canada is an innovative on-site paging service company focused on enhancing productivity and customer service for restaurants, hospitals, church nurseries, salons, spas, auto dealerships, medical offices, and retail businesses. Through its strategic partnership with HME Wireless Inc., a leading supplier of a complete line of onsite messaging solutions including restaurant and pro audio since 1971, TNTech continues to serve high quality products to the Canadian market.

TNTech's philosophy is based on six criteria: Understanding the client's business Providing technical support Working as a strategic partner Finding innovative solutions Identifying and solving logistical and operational problems Recommending products and applications For information on our range of products and services, please contact us at +1.866.813.4747.
