Paging System for Auto Dealers

Enhance Customer Service, Generate More Revenue

Improve your customers' experience while they wait for their vehicle to be serviced with a QuietCall auto dealer paging system. QuietCall notifies customers with a flash or vibrate the instant their vehicle is ready. Eliminate long lines or noisy overhead systems for your customers. With QuietCall, your staff can also communicate quietly and effectively with each other to stay current on a customer's service status.

QuietCall helps you be more profitable by increasing add-on sales and improving the customer experience. Lightweight, convenient pagers free customers to visit the showroom, customer lounge or waiting room for a more relaxing experience. With QuietCall, your staff will deliver a faster, smoother and more customer-friendly service.

QuietCall silently informs service customers when their vehicle is ready, freeing them to shop or relax in the waiting room.

QuietCall LTD™ AIO

Same functionality as QuietCall, but in a smaller footprint All-In-One (AIO) format. The base station, battery charger and pagers are combined in one piece of equipment that holds up to 15 pagers.
