

Pharmacy Paging System

QuietCall®

Good Customer Care Brings Good Business

Protect your customers' privacy and turn their waiting experience into a pleasant one with a QuietCall pharmacy paging system. QuietCall silently notifies customers with a flash, beep or vibrate the instant their prescription is ready. You can call waiting customers back to the pharmacy for further consultation. No long lines, agitated customers or noisy overhead systems to worry about.

QuietCall also helps you increase sales. Lightweight, convenient pagers free customers to shop and spend more or walk around during the wait. With QuietCall, your staff will deliver more efficient and customer-friendly service than ever before. Your customers will appreciate a secured, quieter and more enjoyable experience.

QuietCall silently notifies customers when their prescription is ready, freeing customers to roam or shop while they wait.
